Background Information

Please explain how your community activities and other relevant experience/interests are applicable to this board or commission.

My experience and interest are applicable to this commission through the following: high knowledge of assisting individuals with disabilities to secure, enter and maintain employment, passion for promoting the lives of others, genuine desire to increase awareness and collaborate with others to actively fulfill the requirements of this board. I have worked passionately with Goodwill Industries of Northern Arizona as an employment specialist for 4.5 years. My role as an employment specialist requires a high level of expertise in strengthening and improving the lives of individuals with disabilities through expanding employment opportunities and addressing barriers in the workplace. Additionally, I work with employers to promote disability awareness in the workplace, discuss ADA (Americans with Disabilities) rights and work accommodations to ensure on the job success. Through my personal life experiences I have developed a lifelong passion for changing lives including individuals with disabilities. Being a member of the Navajo Nation and working through many barriers including alcoholism, domestic violence, high unemployment, poverty and minimal access to services for individuals with disabilities has sparked a lifelong passion to possess a solution focused attitude to changing lives through knowledge, awareness and advocacy. As a member of this commission I will collaborate with others, focus on creating more opportunities in employment and provide ongoing feedback and solutions to barriers that individuals with disabilities face including employment, access to programs, housing and other important initiatives.

Why do you want to serve on the board or commission you listed?

I desire to serve on this commission so I may collaborate with others from the Flagstaff community to creatively and innovatively increase the knowledge of individuals with disabilities, expand educational opportunities, participate in expanding employment; and strengthen rehabilitation programs. While serving on the board, I will bind my professional and personal experience to change lives through my service and creating awareness. I have seen this commission impact the Flagstaff community and want to be a part of the 'movement'. It has become my goal to help

others overcome barriers by identifying proactive solutions, establishing goals and an active plan to address each situation. Again, I wish to serve on this board to continue to strengthen the goals of the commission, to offer feedback and solutions to barriers, and to be an advocate for those in the Flagstaff community and beyond. By submitting this electronic form, I acknowledge that any information provided above is a public record, and I certify that I meet the City Charter requirement of living within the Flagstaff City limits and have read and understand the right to have my application considered in a public meeting.

Background Information

Please explain how your community activities and other relevant experience/interests are applicable to this board or commission.

I am a Paraplegic due to a car accident when I was 7 years of age. I have spent most of my life in a wheelchair. Never being one to give up, I made the most of my situation. I have been playing Tennis and Basketball ever since the accident. I have had the honor to represent our country in 2 Paralympic games playing Tennis. I am ranked #1 in the US and top 20 in the world. In 2012 my Basketball team won the national championship. I currently serve on the USTA SAZ board. Our mission is to help the wheelchair tennis game grow throughout not only Southern Arizona. I would love to start such a board for Northern Arizona. Last November I went to the island of St. Maarten for Disability Awareness week. Myself, along with several other top wheelchair tennis pros, taught tennis, spoke in schools, visited rehabs and hospitals, spreading Disability Awareness. Despite my disability, I try to focus on my abilities. My husband and I moved to Flagstaff from Tucson in May 2012 buying a home and opening a business. Since moving here, we have become involved in various recreational activities, as well as fundraisers with our business. BTO yogurt has helped many NAU clubs/organizations, Flagstaff Unified School District, local families, Northern Arizona Food Drive, etc.. raise money. I would like to get involved with disability awareness in Flagstaff. I would love to start a rec. program for people with disabilities. Most recent I am the new girls varsity tennis coach for Flagstaff High School.

Why do you want to serve on the board or commission you listed?

I want to serve on the Disability Awareness Commission because I want to help spread disability awareness throughout the region. It would be an honor to help serve this board, being that every day I spread awareness. I have the experience and the desire to help.

By submitting this electronic form, I acknowledge that any information provided above is a public record, and I certify that I meet the City Charter requirement of living within the Flagstaff City limits and have read and understand the right to have my application considered in a public meeting.
